Dear Dr. Kennedy:

The Greater Allen A.M.E. Cathedral's Women's Health Ministry thanks you for leading our health seminar entitled, "Search Your Heart: Claim Your Power" held on Saturday, February, 12, 2011. It is always a pleasure having you share your gifts at The Greater Allen A.M.E. Cathedral. You provided important information on heart disease and nutrition. As with the stress management workshop you led previously, the women walked away with inspiration and practical tips to live more purposeful and healthy lives.

This year's health workshop focused on heart disease and nutrition was a great success because of your time and commitment. Your participation complemented the event and provided an abundance of knowledge for our audience. Thank you again for your support in this endeavor. We look forward to working with you again for a future event.

May God bless all of your efforts and outreach – especially in our communities.

Blessings,

Sister Karen S. Chance
