New York, NY 10030

To Whom It May Concern:

I am delighted to recommend Terri Kennedy as a speaker. I've known Terri for a number of years and I know her to be a positive life-changing force in our community. She has taught her Seven-Day PWR Detox and 40 Days to Power Living programs at Abyssinian. She has also led stress management workshops and has been a leader in our Youth Revival among other programs. This weekend, she was involved in our Go Red Sunday in conjunction with the American Heart Association. I serve on the Association's Founders Affiliate Board of Directors.

Terri is able to effectively communicate with all ages, genders and ethnic groups. Her background is very impressive and yet she is always approachable. She is truly a very special person and a dynamic speaker. If you have heard her speak before you know she will be getting you on your feet to do something no matter how large the crowd! Her focus on delivering health messages to the faith-based community is an important way to reach those at high-risk medically. Although she does not seek out accolades, Terri is certainly a world leader for these times. She will bring light to any event.

Sincerely,

Patricia Butts
